**DRAFT MINUTES**  
**Budget & Finance Committee Meeting**  
**Tuesday, September 10, 2019 at 7:00 p.m.**  
**Jackson Village Hall**  
**N168 W20733 Main Street**  
**Jackson, WI 53037**

**1. Call to Order and Roll Call**

Pres. Schwab called the meeting to order at 7:00 p.m.

Members Present: Trustees Olson and Kurtz.

Village Board Member Present: Trustee Kruepke and Trustee Lippold.

Staff Present: Brian Kober, Chief Vossekuil, John Walther and Jilline Dobratz.

**2. Approval of minutes for the Budget & Finance meeting of August 13, 2019**

Motion by Tr. Kurtz, second by Tr. Olson to approve the Budget & Finance minutes of August 13, 2019.

Vote: 3 ayes, 0 nays. Motion carried.

**3. Approval of the August 2019 Treasurer's Report and Check Register**

The August Treasurer's Report and Check Register were reviewed.

Motion by Tr. Kurtz, second by Tr. Olson to approve the August 2019 Treasurer's Report and Check Register as printed.

Vote: 3 ayes, 0 nays. Motion carried.

**4. Review of Preliminary Assessment for Chateau Drive and Hickory Lane Reconstruction Project**

Motion by Tr. Olson, second by Pres. Schwab recommend Village Board approve the preliminary assessment for Chateau Drive and Hickory Lane Reconstruction Project.

Brian Kober gave background information. The Board of Public Works recommended to go with the lower sidewalk rate for both projects. The storm sewer lateral special assessment recommendation is to have a maximum cost of \$3,000.00 per lateral. There was only one bid received for the project.

Vote: 3 ayes, 0 nays. Motion carried.

**5. Resolution #19-25 Preliminary Assessment for Sherman Road Drainage and Jackson Park Alley Reconstruction Project**

Motion by Tr. Olson, second by Tr. Kurtz recommend Village Board approve Resolution #19-25 Preliminary Assessment for Sherman Road Drainage and Jackson Park Alley Reconstruction Project.

Brian Kober stated the Jackson Park Alley is being special assessed. The properties to the west of the park/alley have been taken out as they do not benefit from the project per the recommendation of the Board of Public Works. The two properties that are going to benefit from the project are being special assessed.

Vote: 3 ayes, 0 nays. Motion carried.

**6. Citizens to address the Budget & Finance Committee**

Bill Gilbert, owner of Jackson Truck Body, N168 W20640 Main Street spoke on the assessment amount and stated what is being done on the alley is overboard. The alley isn't that long and other options should have been looked at, the assessment is a lot for a small business. His impression was the assessment might be \$5,000.00. The Village took one bid and commented it should be pushed back until next spring to see other bids. Miller Monument has a lot of water behind them and that should be addressed first before putting in the alley. This alley always had a turnaround at the end. 20 years ago, the Village put a dirt pile at the end of it and that closed off the turnaround. He wished they would have been notified sooner so they could have been at the Board of Public Works meeting. The bid of \$4,000.00 for traffic control on a dead-end alley doesn't make any sense to him. There is no traffic down it except for Miller Monument and Jackson Truck Body. It's a waste of tax payer money, a lot of things could have been done different.

Brian Kober commented they are meeting on Monday with the Mr. Gilbert and the contractor. The Village has to decide if they want to complete the project, it will correct the drainage problem. The alley is park property. Tr. Kurtz asked if the contract was signed and if it could be put off until next Spring. Brian stated the contract was approved at the last meeting and if it's put off until next spring, you run the chance of it coming in with a higher bid or no bids. The project is \$126,665.86; Jackson Truck Body assessment is \$15,090.66; Miller Monument's assessment is \$13,436.84 and the Village is picking up the rest of the cost.

Wally Miller, owner of Miller Monument, N168 W20666 Main Street stated his concern is it is wet and is afraid, if the project is rushed, the road may be an issue. It is setup for semis and trucks to turn around. There is a water issue, something definitely has to be done. He just doesn't know if has to go that fast.

Renee Miller, owner of Miller Monument, N168 W20666 Main Street questioned if there is flexibility on what was approved or is there is an option to change it, t still do the project but make it less expensive.

Brian Kober stated items would have to be taken out and determine what items are important.

**7. Adjourn**

Motion by Pres. Schwab, second by Tr. Olson to adjourn at 7:13 p.m.

Vote: 3 ayes, 0 nays. Motion carried.

Respectfully submitted:

Jilline Dobratz, *CMC/WCMC*  
Village Clerk

September 15, 2019

Dear Budget and Finance Committee and Village Board of Jackson,

I officially object to the charge of \$75 for "**No Transport No Care A0998**" and request reversal of this charge due to the fact that:

1. I Did not *cause* the accident
2. I Did not *call* for your services
3. I Did not *use* your services

As a citizen and prior first responder I wholly disagree to this standard operating procedure and I believe it negatively impacts someone's decision to dial for emergency services. No one should have to question to dial 911 for fear that they might be charged, regardless if they end up needing treatment or not.

I will pursue further action if this charge stands.

Respectfully,

Alexander R. Schwid

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, which resolutions are now in full force and effect, reading as follows:

**RESOLVED**, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

**FURTHER RESOLVED**, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

**FURTHER RESOLVED**, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

**FURTHER RESOLVED**, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

NOTE: This waiver is dependent upon the actual receipt of payment. If the check issued is returned "NSF" or payment stopped, this waiver of lien is void.

§779.05 Waivers of Lien. Provides, in part "(1) Any document signed by a lien claimant or potential claimant and purporting to be a waiver of construction lien rights under this subchapter, is valid and binding as a waiver whether or not consideration was paid therefor and whether the document was signed before or after the labor or material was furnished or contracted for. Any ambiguity in such document shall be construed against the person signing it. Any waiver document shall be deemed to waive all lien rights of the signer for all labor, services, material, plans or specifications performed, furnished or procured, or to be performed, furnished or procured by the claimant at any time for the improvement to which the waiver relates, except to the extent that the document specifically and expressly limits the waiver to apply to a particular portion of such labor, services, material, plans or specifications. A lien claimant or potential lien claimant of whom a waiver is requested is entitled to refuse to furnish a waiver unless paid in full for the labor, services, material, plans or specifications to which the waiver relates. A waiver furnished is a waiver of lien rights only, and not of any contract rights of the claimant otherwise existing."

Contractor's failure to pay its subcontractors or material suppliers from monies received for its Work may result in civil or criminal liability under Wisconsin's theft by contractor statute, §779.02(5), Wis. Stats.

**IN WITNESS WHEREOF**, the Companies have caused this instrument to be signed, and their corporate seals to be hereto affixed, this **3rd** day of **February**, 2017.

State of Connecticut

City of Hartford ss.

By:   
Robert L. Raney, Senior Vice President

On this the **3rd** day of **February**, 2017, before me personally appeared **Robert L. Raney**, who acknowledged himself to be the Senior Vice President of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of the corporations by himself as a duly authorized officer.

**In Witness Whereof**, I hereunto set my hand and official seal.

My Commission expires the **30th** day of **June**, 2021

  
Marie C. Tetreault, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, which resolutions are now in full force and effect, reading as follows:

**RESOLVED**, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

**FURTHER RESOLVED**, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

**FURTHER RESOLVED**, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

**FURTHER RESOLVED**, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this **4th** day of **December**, 2018

  
Kevin E. Hughes, Assistant Secretary

**To verify the authenticity of this Power of Attorney, please call us at 1-800-421-3880.

**Re:** Replacing Water Utility Service Truck

---

o

The Water Utility Service Truck is being replaced. This is a budgeted item for 2019. I received three bids for the replacement truck as follows:

Lynch Buick GMC of West Bend ----- \$29,486.00

EVS Saukville -----\$27,600.00

Uptown Motors Slinger ----- 26,518.40

I recommend purchase from Uptown Motors Slinger for \$26,518.40.

Memorandum

From: Grota Appraisals

To: Village Board

Dear Village Board Members,

During the past few years many changes have been made where Assessors statewide must add even more duties to their already long list of responsibilities. Although most of the changes are small when measured individually, the accumulation of these changes makes an impact on our business.

Grota Appraisals continues to work diligently to maintain a high level of service while performing assessment services. In performing annual assessments we will continue to make every effort to arrange for the interior inspection of new construction and properties with a permit taken out for an interior change. Others in our industry have taken another path in an effort to conserve resources and do not actually physically view properties, a mistake in my opinion. Some just change the assessments according to the information on the building permit. This data is not always accurate as many projects change from their initial scope, some are never started or take years to complete. This leads to very sloppy and inaccurate assessments. Following the USPAP reporting requirements, Grota Appraisals will document using Market Drive CAMA software for all of the effort and considerations put forth each year in providing assessment services.

We feel it is very important at a time when most properties are once again seeing increases in value that the Assessor work with taxpayers to explain the situation and examine their concerns while being proactive in the analysis of the current trends within the community. Our contact with taxpayers and requests for property reviews have seen a decrease in the past year since the market seems to be rebounding after bottoming out. Educating taxpayers is always an important yet time consuming part of our job.

The Department of Revenue (DOR) is also going through major changes that have impacted communities and the way they and their Assessors process information in the annual reporting required by law. As DOR staff has dwindled, the DOR is passing unfunded mandates/requirements onto local Communities and their Assessors. Several instances are: 1) The DOR has almost no in-depth review of reports such as the Assessors Final Report (MAR) and Tax Incremental District reports (TAR). 2) The processing of sales information has fallen onto the assessor to enter a myriad of home amenity data for all sales directly to the DOR website (this was previously performed by DOR staff internally).

Most people including many Village Board members are not aware of what an Assessor does, I encourage you to read the following publication for Municipal Officials

- Property Assessment Guide for Municipal Officials  
<https://www.revenue.wi.gov/DOR%20Publications/pb062.pdf>
- WPAM (WI Property Assessment Manual)  
<https://www.revenue.wi.gov/Documents/wpam19.pdf>  
the WPAM is the Assessors bible and is required to be followed.

The cost of business has gone up since 2007, the following are costs that Grota Appraisals absorbs and are included in its annual contract are;

- All employee compensation, salary & bonus
- Employee expenses, Health insurance, Vehicle reimbursement, Retirement funding
- CAMA software to digitally managed the assessment roll and all recorded assets of each and every piece of real estate, personal property and Mobile Home in the Town
- Assessor and Staff certification & training
- Maintaining an independent workplace, an office outside of Town Hall
- Business Insurance

The function of Assessor entails the need for a broad knowledge of real estate, real estate law, computers, technology including software and networks.

While we may have been able to hold down costs as technology has saved some time and the workload was smaller in the “great recession” years, all costs have risen and the need for Grota Appraisals to increase costs is now.

The Village of Jackson is well aware that finding and retaining qualified individuals is difficult in the current environment, it is no different in the assessment business. If you want quality people to perform well delivering a quality product it will simply cost more now and in the future.

The Village of Jackson might consider contacting the Village of Hartland or the City of Mequon, they are one of our newer clients, and both communities selected us for the second time as they ventured away for a number of years seeking the expectation of equal service at a lower price. It is impossible to provide equal or greater work product and service at a lower cost, unless someone will work for less dollars per hour, (doubtful) the only other option is to do less work (probable). 70-75% of our expenses are employee related.

The team at Grota Appraisals likes what it does and it shows. Each and every person has a high expectation of themselves and all other associates. The result of our diligence is the quality of our work product, it is unmatched by our competitors.

**These major issues were signed into law in the recent past. The following is a brief summary of these issues:**

#### Dark Store Theory

The attack on commercial property values continues, it takes a great amount of time to work thru the issues of a specific property typically with an agent that is representing a property owner. Largely we have been able to eliminate appeals at Board of Review and beyond without a change in the assessed value.

In the past only large national stores were making appeals using this approach. Walgreens, Target, Walmart and others have tested the waters and used leverage in the court system to gain favorable assessments. In recent years smaller retail and industrial properties have joined in the act. There is a tremendous amount of time spent dealing with tax representatives looking for value changes. Grota Appraisals has enjoyed remarkable success in eliminating appeals without making adjustments to assessed value. There is proposed legislation that might help Municipalities fight this theory, surely crafty attorneys will look/find another way to keep the challenges coming.

#### Personal Property

Changes for 2018 were made to personal property, schedule "C" was exempted by the legislature. While the intent seemed straight-forward, putting the exemption into practice created a great deal of discussion and many accountants representing business owners tried to move equipment from schedule "D" to schedule "C". In the past it did not matter which schedule it was reported as the depreciation schedules were identical. For 2018 it took considerable effort to audit submissions, seek additional information and reconcile to assure the assets were reported in the correct schedule.

### County Assessment

While 2017 was a quiet year on this topic, discussion at DOR and specific legislators is ongoing and many believe a proposal to change the delivery of assessed values will again be brought forward.

Grota Appraisals and its sister company Assessment Technologies have been aware of this proposal since first suggested, further we have been very active in addressing the strengths and weaknesses. While the proposal was removed from the 2016-17 budget bill, according to many legislators the idea will surface again in the coming months. We will continue to monitor any proposal that may surface and address the many items of concern that are important to a community like yours.

### Notifications in a Revaluation Year

The taxpayer notification of a change in a revaluation year has increased from 15 days prior to the BOR to 30 days before the BOR. This adds another consideration in the already complex job of setting up Open Book and BOR dates.

### AAR Required

Enhancements and further information and documentation are required each year. Although the report is intended to represent the Assessors work and measure the quality and thoroughness of an individual's work, little if anything is done to hold an Assessor accountable to the well documented standards. DOR refuses to hold Assessors not performing the duties to at least the minimum standard accountable. This hurts the profession and most of all does not accurately provide for measureable uniform and equitable standards to be met.

Since 2015 the Annual Assessors Report is now required for each assessment jurisdiction. Each year the DOR makes a great many changes to this report trying to gather more information. This report which averages 90-110 pages takes time to create and any changes add to the Assessor workflow throughout the year. This report is intended to show the Assessors' work to the individual community, DOR and any other interested party. Grota Appraisals goes above and beyond by not only filling out the report, but including absolute support for the work performed which is taken right from our body of work.

### Digital Records

Grota Appraisals is a leader in the complete digitization of assessment records. Each year and in every community the assessment records are updated and with the use of audit reports updates and corrections are made to attain a detailed quality digital record for all properties in every community.

In 2014 the DOR required that all property records and photos be in a digital format. We abided by this requirement as exterior or interior revaluations were performed.

### Paperless Reporting to DOR

While this might not sound like added work, it has significantly changed the process of data entry and added hidden costs. CAMA software needed to be changed to the stringent requirements of the DOR in a short period of time. Reports from the CAMA program were compiled and then exported to the DOR website. This added time and cost without any benefit to the Assessor.

### USPAP and the AAR

USPAP reporting requires the Assessor to narrate the details of your community, the philosophy and value considerations for all property types and locations. This is no small undertaking and is now required for all communities state-wide. Although Grota Appraisals conforms to these standards, it must now substantiate how we do this in the form of a detailed narrative document called the Annual Assessors Report (AAR) which is given to both the municipality and the DOR for one assessment jurisdiction.

### Use Value and Conversion Fee

Use Value continues to be a problem, the application to include all lands that qualify under program guidelines is a constant struggle. With no application requirement it is difficult to track all 23,000 acres in each town. As a member of WAAO's Rural Concerns sub-committee we have been working towards a solution where an application form would be filled out by all landowners who wish to be included in Use Value.

A list of properties is compiled in which a conversion fee will be issued for those landowners changing the use of their property from agricultural to developed lands or lands that support a building. This list is sent to the County Treasurer to calculate and issue the conversion fee to the respective party. Once collected, 50% of the conversion fee amount will be distributed to the local municipality. The DOR now requires that the Assessor report this within 2 weeks of the conclusion of the Board of Review.

Questions pertaining to Use Value and the conversion fee are taking a greater amount of time than originally anticipated. In most cases our office hears from both the current and prior owner and many times agents for these parties as well. This year we are hoping that all parties are more knowledgeable than last year as to the ramifications of Use Value and the resulting conversion fee.

### Personal Property

Grota Appraisals continues its commitment to assure personal property accounts as listed in the assessment roll are accurate and to the best of our knowledge is complete. Our Assessors drive through each municipality verifying existing businesses and look for new/or closed businesses. We do ask for the help of the Clerk to review our preliminary roll, as an extra set of eyes helps to perfect the assessment roll with our goal of collecting all accounts as valued.

### Undeveloped & Agricultural Forest

This was created as an adjunct to Use Value, all acres classified as Undeveloped received a 50% reduction in their assessment. Lands classified as woods could also receive a 50% reduction in their assessment if these lands met the requirements as Agricultural Forest. (These are properties with identical ownership with land used agriculturally that also contain wooded lands or wooded lands contiguous to lands used agriculturally).

### Manufacturing Property

Thanks to the significant efforts of the Wisconsin Association of Assessing Officers (WAAO) the assessment of Manufacturing property is still a State function (until the next biennium). I was part of a special committee chosen to work with the Governor's aides to facilitate the transition to local assessment. After carefully weighing the facts, our committee made recommendations on how to reduce the Department of Revenue's budget without shifting the assessment of Manufacturing property to local municipalities.

Grota Appraisals, like your Village, must work towards doing business in the most efficient manner possible. This is especially important with the budget status of the State and local municipalities. With health and property insurance rates rising exponentially, vehicle prices increasing, gas prices continually changing and our good employees expecting wage increases, municipalities and their contractors must find a way to accomplish all our functions without busting the budget. As if that were not enough, the growth-taking place in your municipality and the increased workload make the task even more difficult. Any increase in fees is far less than the rate of inflation plus the percent increase in new parcels.

I believe that Grota Appraisals has done a great job containing costs, growing the knowledge of its staff and using cutting edge technology to perform the necessary assessment functions. Our staff is highly experienced and most of our employees have been with Grota Appraisals in excess of 13-years. This longevity provides an in-depth history with your municipality that cannot be duplicated. Also, no other Assessor has the experience we have in using the Market Drive assessment software to its fullest capacity. It is our goal to provide an environment where full time service is available at the cost of a part time position.

We look forward to a long prosperous relationship for many years to come.

Sincerely,

**3. Limited Water Service Study.**

Brian Kober commented the study is currently being reviewed.

Motion by Chair Olson, second by Tr. Lippold to refer the Limited Water Service Study to the October meeting agenda.

Vote: 6 ayes, 0 nays. Motion carried.

**4. Pay Request #3 (Final) – 2018 Utility Improvements Project – Vinton Construction, Inc.**

Brian Kober reviewed the final payment for the projects; lowering the water main on County Trunk Highway P, water main installation on Highland Road, storm sewer project on Stonehedge Drive and sanitary sewer on Sherman Road. There are no outstanding items.

Motion by Chair Olson, second by Tr. Malcolm recommend Budget & Finance and Village Board approve Pay Request #3 (Final) – 2018 Utility Improvements Project – Vinton Construction, Inc. in the amount of \$88,048.87.

Vote: 6 ayes, 0 nays. Motion carried.

**5. Pay Request #5 (Final) – Ridgeway Dr Reconstruction Project – Vinton Construction, Inc.**

Brian Kober reported \$26,293.53 was being held for the landscaper to return. The grass has taken, and it looks much nicer than it did this Spring. One driveway has to be paved on Thursday and then the project will be complete. Dan Leonard commented on sidewalk that needs to be replaced. Brian Kober stated that is outside the contract and he will make contact. Dan Leonard inquired on the traffic control amounts. Brian Kober stated they are for the barricades for the two projects. Dan Leonard questioned why the final price was higher than the bid price. Brian Kober explained there was extra work done and the change orders were approved during the process.

Motion by Brian Heckendorf, second by Dan Leonard recommend Budget & Finance and Village Board approve the final Pay Request #5 – Ridgeway Dr Reconstruction Project – Vinton Construction, Inc. in the amount of \$26,293.53.

Vote: 6 ayes, 0 nays. Motion carried.

**6. Review of Quotes for 2019 Jackson Water Utility Service Truck**

Brian Kober stated GMC started making one-ton chassis trucks again. Three businesses were solicited; Lynch Buick-West Bend, EVS-Saukville and Uptown Motors-Slinger. The lowest bid with the convenience package was \$26,518.40. This is a budgeted item for 2019. It is replacing a 11-year old truck, every 10 years the trucks are replaced. The old truck will be placed on Wisconsin Surplus for the best price. Dan Leonard inquired on purchasing a 2020 model compared to a 2019 model for a lower price. Brian Kober commented they had stopped production and there were no trucks.

Motion by Chair Olson, second by Tr. Lippold recommend Budget & Finance and Village Board approve the purchase from Uptown Motors for the 2019 Jackson Water Utility Service Truck in the amount of \$26,518.40.

Vote: 6 ayes, 0 nays. Motion carried.

**7. Discussion of Village Informational Signs.**

Brian Kober will contact the DOT and will have more information next month. Dan Leonard commented on the large number of signs that are currently along the streets in the Village, something to keep in mind.
