Final Lift for Developed Subdivisions

Due to only one bidder, the recommendation is to bid the overlays next year. No change.

Rosewood Drive/TIF Expansion Project

TIF #6 is being created for the development of the property. Also, Washington County is planning on reconstructing CTH P in the same area.

GIS Program

Town and Country Engineering has completed the map changes, and the maps are being shared with the different Departments. Future training is being scheduled.

Storm Water Management Plan

We will continue to monitor the system per the Storm Water Management Plan. The plan was submitted at the deadline of June 30, 2017. DNR has not responded on the submitted plan. The Mid-Moraine Collective Group is working a possible group storm water permit. No change.

SCADA Upgrade Project

Piper Electric and LW Allen staff continues to work on the project. A factory test date of equipment has been scheduled for December 5th. The project is on schedule to be completed in mid-December.

Space Needs Analysis Study

Cedar Corp team continues to meet with staff in developing plans for a new Safety Building. The new professional service proposal has been approved by the Village Board to keep the project moving ahead.

Chateau Drive Reconstruction Project

The Village Board has approved the Resolution to assess the improvements of storm lateral and sidewalk. We will schedule a meeting next Spring to create a new punch list to complete the project.

CTH P and STH 60 Intersection Project

Discussion continues with Washington County and WisDOT on ownership. No change.

Alcan Drive, Alcan Court, & Delaney Court

All curbing has been repaired, asphalt installed, and streetlights installed. We are waiting for We-Energies to energize the meter pedestal.

Ridgeway Drive Reconstruction Project

Cedar Corp was selected for engineering services and inspection for the project. A meeting was held to start the project for the design, and surveying has been scheduled before the snow.

Respectfully submitted, Brian W. Kober, P.E.
