4. Conditional Use Permit – Rockford Contractors – Brew City Pizza / dba Domino’s – N168W22730 Prairie View Ln., Jackson
   Jake Chance from Rockford Contractors stated it’s an 8 to 10-week process to open
   after they get all the building permits. That process would start mid-September
   which would make opening sometime around Thanksgiving. Collin added they are
   still waiting for their state plan approvals as well.
   Motion by Tr. Emmrich, second by Keith Berben to recommend Village Board approve
   the Conditional Use Permit – Rockford Contractors – Brew City Pizza / dba Domino’s
   – N168W22730 Prairie View Ln., Jackson per staff comments.

Dirk Wildt asked what the standard is for a 3-car garage. Collin Johnson answered the current Village ordinance limits garages to 720 sq. ft. Dirk Wildt stated as new homes are being built the typical 3-car garage is 864 sq. ft. He suggested updating the ordinance. Collin Johnson commented the ordinance as it stands is a bit restrictive. This has been discussed in terms of amending the current ordinance to allow for larger garages. Setbacks are within the 15’ requirements. Motion by Tr. Emmrich, second by Jon Molkentin to recommend Village Board approve the Planned Unit Development Amendment – Dirk Wildt – Three Car Attached Garage – W208N16348 Renee Way, Jackson per staff comments. Vote: 7 ayes, 0 nays. Motion carried

7. **Discussion of Possible Chicken Ordinance**

Tr. Emmrich asked who would enforce the ordinance? Do they need to be registered/licensed? Do they need to have shots? Will they bring rodents in? Chair Schwab commented chickens be subject to a conditional use permit instead of an ordinance and be subject to review upon complaint. Collin Johnson would enforce the ordinance. Collin Johnson stated that problems with conditional use would be consistency. An ordinance allows parameters to abide by and follow recommended minimums, different housing units, prohibiting roosters, and not selling eggs. Tr. Kruepke is in favor of an ordinance because it spells out exactly what you are requiring of the people and would be easier to enforce. Need to make it attainable, must comply with state laws, determine how many chickens will be allowed, define what type of coops to be permissible. It was suggested to review some other neighboring municipalities Chicken Ordinances.

Motion by Chair Schwab, second by Tr. Emmrich to refer Discussion of Possible Chicken Ordinance to the next Plan Commission meeting.

Vote: 7 ayes, 0 nays. Motion carried.

8. **Discussion of Possible Designated Truck Route**

John Weil stated the Village does not have any designated truck routes. This allows any truck to go down any Village street/road any time it wants to. Designated truck routes are dependent on zoning areas and businesses that are currently within those zoning areas that would have the need for trucks. Those streets are typically designed at higher weight limits and a higher capacity with width and turning radiuses. The point for designating truck routes is to work with the local businesses to make sure they can get their product in and out and enforcement to protect our infrastructure and to keep it from deteriorating at a higher rate and safety to keep the trucks away from the residential neighborhoods. There will be budget costs for signage that would be needed.

Motion by Chair Schwab, second by Tr. Emmrich to refer Discussion of Possible Designated Truck Route to the next Plan Commission meeting to get input from the Police Chief and Village Engineer.

Vote: 7 ayes, 0 nays. Motion carried
9. **Citizens to Address the Plan Commission**
Casey Latz clarified some things with the Chicken Ordinance. They are given shots before they are shipped. Each hen doesn’t lay an egg every day. When you order chickens sometimes you get a bonus chicken and it could be a rooster. They usually only lay eggs for 3 to 4 years. It is expensive to have chickens. She would recommend a certain type of coop with an enclosed run area to help with rodents and not selling any eggs either.

10. **Adjourn**
Motion by Chair Schwab, second by Tr. Emmrich to adjourn.
Vote: 7 ayes, 0 nays. Meeting adjourned at 7:46 p.m.

Respectfully submitted,

Darlene Smith
Deputy Clerk

This restoration, however, does not apply to the initial installation of said facilities or any trees, bushes, branches or roots which may interfere with Grantee's use of the easement area.

6. Exercise of Rights: It is agreed that the complete exercise of the rights herein conveyed may be gradual and not fully exercised until some time in the future, and that none of the rights herein granted shall be lost by non-use.

Collin Johnson stated a large turnout and COVID, the building code would require a larger space. Tr. Lippold stated we have plenty of parking at the Community Center. Why are we here at the Community Center having this meeting? You do not give the Village residents enough credit on where the Community Center is. Not moving the polling place would cause bad publicity. Tr. Emmrich requested to look at it in a different way. We need safety for the poll workers, and this is a one-time thing with the new municipal building being built. The large area would have less cross contamination. Tr. Olson asked if the early in-person absentee voting would have to move if we change the November election location? John Walther said no but will verify. Motion by Tr. Emmrich, second by Tr. CHANGE ORDER

Date of Issuance: September 1, 2020
Owner: Village of Jackson
Effective Date: September 1, 2020
Owner's Contract No.: B-20
Contractor: Mike Koenig Construction Co.
Contractor's Project No.: 
Engineer: Cedar Corporation
Engineer's Project No.: J5789-002
Project: Municipal Complex
Contract Name: 

The Contract is modified as follows upon execution of this Change Order:

Description:

1  DEDUCT 500 CY Imported Fill Material - Soil Class D-2 (Bid Item No. 1) @ 22.75/CY  
   =  ($11,375.00)
2  DEDUCT 5000 TN Structural Backfill-Building Pad-Soil Class D-3 (Bid Item No.5) @ $16.00/TN  
   =  ($80,000.00)
3  ADD Lump Sum Export Surplus Excavated Material  
   =  $58,690.00
4  ADD Lump Sum Water Main Extension - West to Ridgeway Drive  
   =  $4,445.00
5  ADD Lump Sum Additional 4" Roof Drain Lateral  
   =  $4,231.00
6  ADD Lump Sum Siren Electric Service  
   =  $4,633.00
7  ADD Lump Sum Increased Window Size - Fire Dept. Kitchen  
   =  $3,142.00
TOTAL  =  ($16,234.00)

Reason for Change Order:

a) Change Order Item Nos.1-3: Original site earthwork calculations assumed a one foot topsoil depth throughout the entire project site. Previously improved areas within the site proved to have significantly less topsoil resulting in a surplus in excavated subsoil material requiring the material to be exported off-site. Due to a higher subsoil elevation, this condition eliminated the need for all or some unit price fill related materials included within the contract to balance the site therefore, allowing a deduction of this material from the contract.

b) Change Order Item No. 4: Due to the sequencing between this contract and the adjacent Spruce Street and Ridgeway Drive Extensions project, the Owner directed the Contractor to extend the proposed water main further west than the planned location of water main connection to Ridgeway Drive.

c) Change Order Item No. 5: Roof drain was relocated to the northwest portion of the Police Department building section for the purpose of: Removing the drain overflow from within the sally port entrance and removing the interior drain pipe from within the break room.

d) Change Order Item No. 6: Cost associated with Owner requested electric service addition related to supplying electric power to proposed tornado siren location. Tornado siren to be installed by others.

e) Change Order Item No. 7: Cost associated with Owner's requested revision to window size located within Fire Department Kitchen overlooking the apparatus bay.

Attachments: (List documents supporting change)

b) Change Order Item No. 4: Contractor's cost proposal dated 7/13/20
c) Change Order Item No. 5: 1) Contractor's cost proposal dated 8/11/20, 2) Revised Project plan sheet C110 - Revision date: 7/29/20
d) Change Order Item No. 6: 1) Contractor's cost proposal dated 8/31/20, 2) Engineer's Tornado Siren Electric exhibit dated 8/7/20
e) Change Order Item No. 7: 1) E-mail correspondence between Engineer (Architect) and Contractor dated 8/17/20, 2) Contractor's cost proposal dated 8/31/20

Also, I reviewed the door shops and have a couple items that we will need some pricing for. These are listed below:
